- **Duty rates** are the US general (MFN) rates only. Additional duties based on country of origin (HTSUS Chapter 99, e.g. reciprocal tariffs) are charged on top and change often.
- **The US has no duty-free threshold.** The $800 de minimis exemption was suspended for all countries in August 2025, so every shipment is dutiable.
- **Shopify:** enter the 6-digit code as the base HS code, and the 10-digit US code as the country-specific code for the United States.
- **Please confirm** these classifications with UPS or a customs broker before use. Classification depends on the exact material, construction and value of each product.
